NAVARRA-NAFARROA

**Type**

Online course.

**Addressed to**

30 teachers of bilingual/plurilingual programs in Secondary schools, teaching non-linguistic subjects in English. Teachers in schools that will have these programs next year can also apply, although they will not have priority.

**Justification**

This course responds to the training needs identified in order to build capacity amongst teachers working in plurilingual schools or those who expect to do so soon.

**Aims**

CLIL Essentials blended training programme will develop teacher competency and confidence in the following professional practices:

- Understanding CLIL in practice
- Planning CLIL lessons and courses
- Delivering CLIL lessons
- Understanding and supporting learners
- Assessing learning in CLIL

**Contents**

The CLIL Essentials course, a course organized with the collaboration of the **British Council**, begins with a familiarisation unit to help you find your way around the learning platform. It is very intuitive and can be done easily within one hour.

The ten online units focus on helping you develop knowledge skills and confidence to design, deliver and assess CLIL activities in the classroom.

You will learn how to identify your learners' language needs and develop techniques to support your students in English medium classrooms. For example, you will look at identifying and responding to BICS and CALP as well as how to use scaffolding, appropriate visual support

materials and ICT to support learning. In addition you will also become familiar with applying techniques for teaching vocabulary and adapting authentic texts in CLIL classrooms.

Developing appropriate teacher language and using a variety of techniques to make yourself understood is also an important part of our training course and you will also examine ways to facilitate successful collaborative learning in the classroom and design and evaluate CLIL tasks and lessons.

Finally you will examine the question of whether to assess content or language, how to move from summative to formative assessment and how to apply "the 3 dimensions model" of assessment.

An important part of the online modules is the forum where teachers post their thoughts, comments and experiences while reflecting on learning. Reflecting and sharing learning amongst peers is a key developmental activity in all British Council training courses., CLIL Essentials is no exception and through our live workshops and online forums we encourage you to learn with each other.

We look forward to welcoming you to our course!

**Methodology**

The blended course has both online and face to face components. Participants can work through the online moderated modules at their own pace each week and take part in the group forum. Each online module has 3 hours of guided learning. The online learning will be supported by 3 x 3 hour workshops. The workshops will be led by a British Council trainer and will be 100% participative.

#### Selection Criteria

If many teachers are keen on taking part in the course the following criteria will be applied:

- 1- Secondary school teachers who teach non-linguistic subjects in English at a bilingual/plurilingual school.
- 2- Secondary school teachers who teach non-linguistic subjects in English at a school that will have a bilingual/plurilingual program next year.
- 3- Order of registration.

#### Notes

- From now on all the notifications related with training courses will be sent to the official PNTE email account assigned to each teacher in the Public Education System (usuario@educacion.navarra.es). Teachers in private and semi-private schools will receive them in the email account they have stated in EDUCA.
- Once the signing period is over, teachers will have to check their admission in the LISTA DE ADMITIDOS/ONARTUEN ZERRENDA section on our website:  
<http://formacionprofesorado.educacion.navarra.es/web/admitidos/>
- When a teacher that has been accepted can not attend an activity, he/she must inform the person in charge of that activity (this information is in the “convocatoria/deialdia”) before the beginning of the activity so he/she can be unregistered. Not doing so will start a process that will penalize this person with 5 months of banning from the registering platform, which means this person will not be allowed to register for any training activity organized by the

Education Department in Navarra. This penalty does not excuse teachers from the 35 compulsory training hours all teachers must take each schoolyear.

- Only teachers that are actively working can take part and get the certification. Any situation of temporary incapacity is incompatible with the assistance to training activities.
- In order to obtain the certificate, teachers must attend to at least 85% of the face-to-face sessions, and sign the signature sheet each and every session with permanent ink pen (not erasable). If there is no signature, then attendance will not count, that is, we will not accept any kind of justification. In those activities which homework is included in the total hours, presenting the paper/s will be compulsory to get the certification.
