ingles.cap.pamplona@educacion.navarra.es

Justification: As languages are a priority for the Department of Education, we propose an activity that contributes to the development of English as a means for communication and helps individuals to increase their communicative competence in English.

Aims

- Improve how participants employ and speak English
- Correction of participants mispronunciation and misuse of vocabulary in English
- Enhance participants English vocabulary and correct use of idioms
- Identify how culture influences speech through real world applications

Contents

- Entertaining activities and games employed by natives for better pronunciation that you can also use in your classes with your students
- Modern and traditional methods to acquire and make use of new language
- Discover, explore and discuss real world trends that effect you and your daily life

Methodology: The methodology addresses the seven types of learners; solitary, social, physical, visual, aural, verbal and logical thinkers. Listening, thinking, reading, writing, and speaking games and activities will be employed to best serve each type of learner. Every step leads to speaking so that nothing feels like real work.

Teacher: Linda Logan has taught English locally for over fifteen years. She is one of the co-authors of “First Call Curso de Inglés Médico” a self-teaching English series for non-native medical professionals. Additionally, she won the prize for “Mejor Actividad Creativa para el uso y aprendizaje del ingles” awarded by Raibabel. Her main goal in teaching is to help learners speak with clarity and confidence while having fun in the process. Currently she is working with Cambridge University Press ELT Training. Notes

From now on all the notifications related with training courses will be sent to the official PNTE email account assigned to each teacher in the Public Education System (usuario@educacion.navarra.es). Teachers in private and semi-private schools will receive them in the email account they have stated in EDUCA.

The list of accepted teachers will be published, at the shortest time possible once the signing up period is over, on the following address:
<http://formacionprofesorado.educacion.navarra.es/web/admitidos/>

When a teacher that has been accepted cannot attend an activity, he/she must inform the person in charge of that activity (this information is in the “convocatoria/deialdia”) before the beginning of the activity so he/she can be unregistered. Not doing so will start a process that will penalize this person with 5 months of banning from the registering platform, which means this person will not be allowed to register for any training activity organized by the Education Department in Navarra. This penalty does not excuse teachers from the 35 compulsory training hours all teachers must take each school year.

Only teachers that are actively working can take part and get the certification, with the exception of those in leave of absence for maternity, adoption, and fostering, according to the D.F. 71/2017 from August 23rd. Any situation of temporary incapacity is incompatible with the assistance to training activities.

In order to obtain the certificate, teachers must attend to at least 85% of the face-to-face sessions, and sign the signature sheet each and every session with permanent ink pen (not erasable). If there is no signature, then attendance will not count, that is, we will not accept any kind of justification. In those activities which homework is included in the total hours, presenting the paper/s will be compulsory to get the certification.
